## SKILLS

- I always collaborate to meet the team's objective.
- I am meticulous and always have the end goal in mind.
- I am solution driven while dealing with problems and conflicts.

# THARIGA R

## PROFILE INFO

To obtain a challenging and dynamic role as a Front-end developer, where I can utilize my technical knowledge and problem-solving skills to provide exceptional support to customers and contribute to the organization's overall success. I am eager to gain hands-on experience in the industry and work closely with experienced professionals to learn new skills and techniques.

## INTERNSHIP

### DLK TECHNOLOGIES

- I have done an internship in Python for 15 days. I created a mini-project called sales analysis using data science. The main objective of this project is to report a specific set of information related to sales performance for stakeholders.
- I've completed the "ONLINE EDUCATION" project using HTML, CSS, JavaScript, PHP, and MySQL. It features user and admin interfaces, enabling users to enroll, access materials, and interact, while administrators can manage courses and monitor user activity.

## COURSE

- I have knowledge in HTML, CSS, JAVASCRIPT, and REACT as I am currently learning a frontend developer course

## ACHIEVEMENTS

- Taking part in department events (Chip-in) got a prize.
- Participated in Kalaingar Memorial International Marathon 2022.
